EURODEFENCE WORKING GROUP 11 BIS.

Following what was decided in our last meeting in The Hague concerning EWG 11 bis, EURODEFENSE Spain proposes a paper on the matter below. To that end we will ask the interested Associations to send us their ideas on the subject before November 25th.

EURODEFENSE Spain will prepare a draft to be submitted to all Eurodefense Associations by the 1st of January. The closing date to receive comments to that draft will be January 25th, 2014.

EURODEFENSE Spain will distribute the final paper by February 15th, 2014.

THE SITUATION IN THE COUNTRIES OF THE MEDITERRANEAN SOUTH AND THE MIDDLE EAST.

The aftermath of the upheavals and uprisings in those countries.

The outlook from the political, economic and social events happening in that area.

The impact of those changes in Europe:

- **The influence of jihadism in European societies.**
- **The economic and social consequences of illegal immigration.**
- **How the whole question may affect our defence approach.**
